Commissioner for Patents

Applicant filed two different sets of claims on September 27, 2007. Applicant did not file a preliminary amendment indicating the pending claims and neither set of claims filed on September 27, 2007 indicates the amendment. The Office cannot identify the set of pending claims in the present Application. Applicant should file a preliminary amendment indicating the claims pending in the present Application.

Applicant is given one month, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment including a submission for a request for continued examination (RCE) under 37 CFR 1.114, a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a Quayle action. The correction required is only the corrected section of the non-compliant amendment in compliance with 37 CFR 1.121. Extensions of time are available under 37 CFR 1.136(a) only if the non-complaint amendment is a non-final amendment or an amendment filed in response to a Quayle action. Failure to timely respond to this notice will result in: Abandonment of the application if the non-compliant amendment is a non-final amendment or an amendment filed in response to a Quayle action; or Non-entry of the amendment if the non-compliant amendment is a preliminary amendment or supplemental amendment.
